EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with the Applicant's Attorney, Ms. Karin Williams, on 10 Jan. 2006.

The application has been amended as follows:

- Claim 14 line 14: after "adjacent the trenches" insert -----; said epitaxially deposited material filling the trench includes silicon; and further comprising the step of forming a layer of dielectric on the epitaxially deposited material filling the trench-----.
- Cancel claims 15 and 17.

2. The following is an examiner's statement of reasons for allowance: claims 14, 18-29 are allowed because the prior art of record is neither anticipated nor rendered obvious all the limitations of the base claim 14 including epitaxially deposited material filling the trench includes silicon; and further comprising the step of forming a layer of dielectric on the epitaxially deposited material filling the trench.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
